during January – reviewed on 26 th Jan.
Additional Equipment ordered at start of term for
separate bubbles HOF/HOD and ongoing – work

packs produced as needed during Lockdown or for
any students isolating
Students will continue to be in year groups
wherever possible as described in this RA – some
exceptions e.g. extra-curricular and Y12/13
classes/study groups – registers taken
Some subjects (where 2 or more lessons) where
possible to timetable have double lessons to
minimise movement of staff and students around
the Academy.
Year 7, 8, 9 and 10 Form groups based in set
buildings, each separate and have a separate
entrance in the morning. Y8/9 via Lord Street
which is wider entrance (divided by red lines and
indicated by years); Y11 come in via usual gates,

and reinforced regularly as needed
All rooms with students facing front is still
advised-where group activities. Continue
wherever possible. If using alternative plan for
curriculum delivery– seating plans must always be
done.

January – until further notice – back to facing front
unless agreed by CK/LD as necessary for
curriculum delivery
Where not possible (e.g. new library and new
upper study, computer rooms in old build),
Perspex dividers have been set up.
Work stations for teachers/TA's have been
assessed to ensure 2 m distancing wherever
possible. Where this is not the case staff should
separate and not locate less than 2 m from a
colleague (e.g. in staff rooms).
Offices that are shared – Perspex dividers used
where desks not 2 m apart – follow numbers on
doors wherever possible – go to a larger room
where meetings need to be face to face and space
is lacking.
Staff re-enforced with expectations and reminded
to reduce occupancy where space is limited
Social distancing continuing to be reinforced
regularly via briefing notes with staff as still
recommended in the Academy – 2 m reminders in
regular briefings – see briefing notes
Suitable cleaning and sanitising should be
undertaken of each location after each use by
students (wiping computers/mouse) teachers wipe
desks.

Staffing protocols/ expectations during National Lockdown due to new variant rapid increase in numbers in addition to normal protocols to reduce rapid spread of virus.	Staff, students and families	 need to be within 1m advised to wear full PPE. Not under 1m for more than 1minute. In addition, to staff having windows and doors open for good ventilation we have the following ventilation controls to monitor CO2 levels: KWB2 rooms can be monitored by staff on the control panels on the wall with the little displays. Green means good, amber means ok but high, red means open ventilation. KWB manages this itself - automated windows. CBB has the red and blue lights on the wall to indicate whether room is ok or if the windows should be opened to increase this. Where CO2 lights indicate red, staff to inform TF/LG and in meantime open more windows/door or if all are open, take students outside for 5 minutes and review room after air clears. No automatic function in DT/Art/Science/Pe/Old Build so we have purchased test units so the Site Team can monitor and check for levels of CO2 All staff in work and follow Academy RA and Protocols which are designed to protect all staff. All staff must abide by Academy protocols and these additional ones during Lockdown when on site. 2 m distance reinforced from 18th October onwards for teaching and meeting with other staff/students indoor and ongoing reminders Reinforced all expectations and revised protocols – LD email 3rd Jan and briefing 4th Jan and launched protocols and RA 4th Jan 	 Risk assessments to be reviewed – staff to inform CK of any changes AF/TF – Testing Kits AF and admin team to issue kits to students and staff as needed – on- going since testing was completed in school TF/AF to ensure that where a positive result is recorded the latest guidance is followed for reporting and T & T with PHW. December <mark>and reinforced on 2nd January 2022</mark> – All
educational settings are expected to continue to
provide face to face teaching and staff should
continue to attend the Academy if required in
order to deliver this, Teaching and learning should
not be moved online as a result if the work from
home guidance. Staff should follow the Academy
protocols to stay safe.
Guidance in December 9 th 2021 and Jan 2 nd 2022 –
CEV staff are not being advised currently to shield
and can continue to work in schools.
Students encouraged to sanitise hands on entry
and sit in designated seating plan.
Clean desk/keyboard when staff change over and
ensure room well ventilated.
Staff bring own lunches/food and wipe down all
areas used for food/drink.
All staff should minimise the number of rooms
they go to staying in own area/room, socially
distanced (2m)
Engage with LFD testing (subject to consent)
 Staff should not be complacent – reinforced via
emails from LD and CK during w/c 18 th October
and 1 st November re-launch and the December
guidance and Jan 2022 guidance and briefings
Minimise rooms you enter and minimise using
staff rooms wherever possible except to access
water/kettles.
Use own room or agreed room or timetabled.
• Ose own room of agreed room of timetabled.

Use email/phone to reduce contact with others to
a minimum during the day.
Minimise working together in small rooms or
those with poor ventilation unless this is your
normal working practice e.g. Science technicians,
admin staff in offices.
Continue to abide by room capacity numbers.
Minimise going into classrooms to socialise – if
seeing others for work purposes or well-being –
stay distanced – greater than 2m and wear a mask
at and minimise time.
Minimise going into others classrooms/offices or
other areas where space is limited and 2m social
distancing would be reduced – follow room

Defib locations clearly marked on first aid plans. First aid training records kept up to date, and staff expiry dates monitored by LGardiner. If there is a perceived risk of infection, rescuers should place a cloth/towel over the victims mouth and nose and attempt compression only CPR and early defibrillation until the ambulance (or advanced care team) arrives – see revised First Aid Policy. Training in Autumn term for all First Aiders through amended policy for COVID For a Paediatric casualty – There is an acceptance that doing rescue breaths will increase the risk of transmitting the COVID-19 virus, either to the rescuer or the child/infant. However, this risk is small compared to the risk of taking no action as this will result in certain cardiac arrest and the death of the child. The advice from the Resuscitation Council (UK) is that rescue breaths should be undertaken as ventilations are crucial to the child's chances of survival
