Year of the Tiger

Your Characteristics

Those born under the tiger are confident, independent, and brave. They are a symbol of power and have been compared to emperors. Tigers find it easy to win the trust of others.

The tiger is said to be compatible with the dragon, horse, and pig.

7th February 2022 – World Cancer Day

Moral - Organised every 4 February, World Cancer Day is a global initiative that aims to inspire greater awareness of cancer and action in better preventing, detecting and treating the disease.

World Cancer Day 2022 marks the first year of a new three-year campaign centred on the issue of equity. The campaign theme 'Close the care gap' recognises the power of knowledge and challenges assumptions. This first year of the campaign raises awareness about the lack of equity in cancer care and explains the barriers that exist for many people in accessing services and receiving the care they need – and how these barriers potentially reduce a person's chance of surviving cancer.

It takes a proverbial 21 days to create a positive habit. So, for 2022, commit to improving your personal health, making history by helping to eliminate cervical cancer, educating yourself and speaking out about the inequities that exist in accessing cancer services – one day at a time for 21 days.

Visit the www.worldcancerday.org/21DayChallenge to help make a change.

How else can we raise awareness?

Visit the @Josephleckieacademy Instagram page to contribute to reposting the World Cancer Day post to raise awareness!
