Competitions for Everyone
this Week!

EMPOWERED

Your Voice Shapes You!

Being able to voice a concern, an opinion or a point of view is so important as a young adult. You now have an opportunity to voice your truth ...

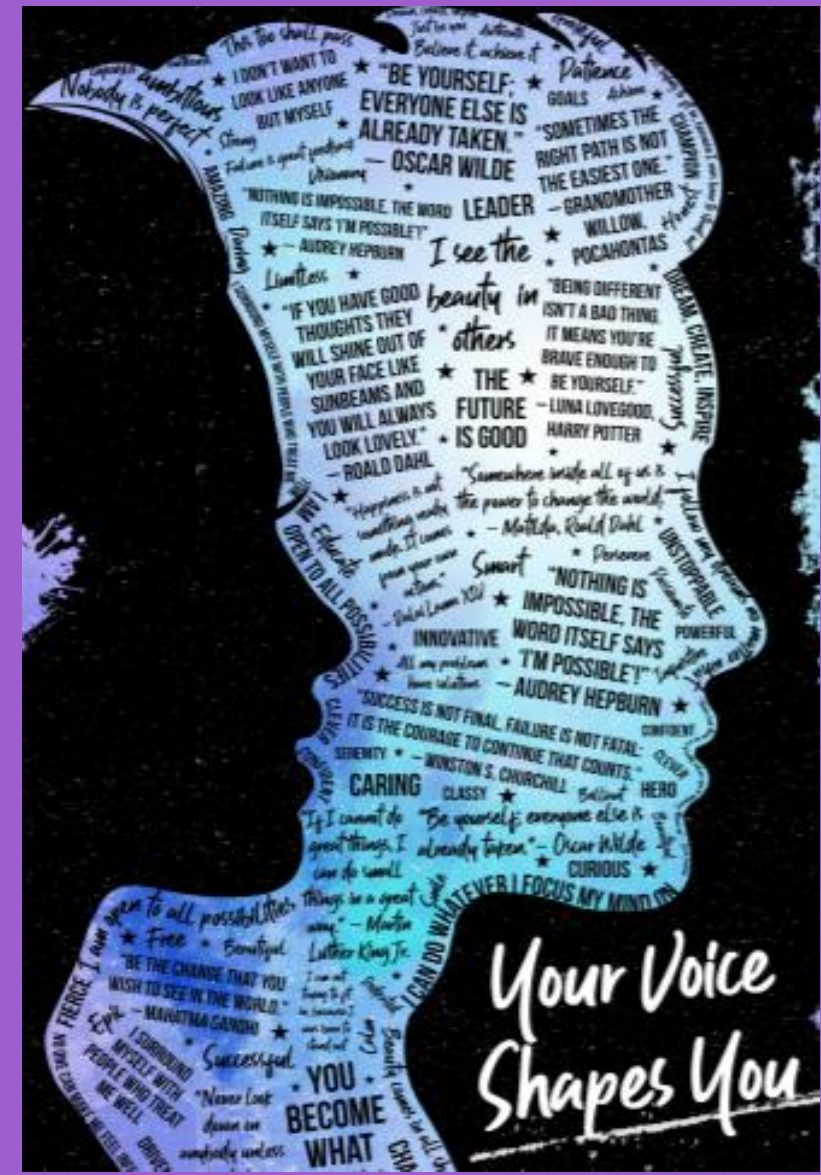

We are running a session on planning and writing before your response will be submitted to Young Writers. You could have a chance to win £100, a trophy and become a published poet!

Come down to E02 and enter the Young Writers poetry competition based around the word 'Empowered'.

Competition date: Tuesday 25th January

For more information, see Mrs Potter in E02.

24th January 2022 – National Lego Day

The colorful plastic bricks known as Lego have entertained children (and adults) around the world for nearly 70 years. Lego is used to make toy buildings, vehicles, creatures, machines, anything imaginable — and they can be taken apart and put back together as often as you'd like. That means endless creative play. National Lego Day, on January 28, celebrates these incredibly ingenious and enriching toys.

Lego is used to make toy buildings, vehicles, creatures, machines, anything imaginable — and they can be taken apart and put back together as often as you'd like. That means endless creative play.

What do we learn from building Lego?

Build a Lego toy

Dust off your old Lego set — or use your kids' — and tinker around for a while. It's good for relaxation and mental stimulation. Lego even sponsors corporate retreats for adults.

Plan to visit a Legoland theme park

They're located in Carlsbad, California, and Winter Haven, Florida. There's also a Legoland Discovery Center in Tempe, Arizona. If you're looking for more of a day trip, you can visit one of the 132 Lego retail stores across America.

Watch on the big (or small) screen

The Lego Movie (2014) scored 96 percent "fresh" on Rotten Tomatoes, with many praising the movie's irreverent tone and colorful action. The sequel, The Lego Movie 2: The Second Part, was released 5 years later in 2019. You can also head over to YouTube and watch a Lego creator build breathtaking structures.
