School reception class

RESOURCES | NCB COMMS

→ | PDI

Reception class is the first year at primary school, but unlike every other school year, it is not compulsory for your child to attend, but it is a good way to introduce your child to life at school.

If your child is four years old before September, you can apply for a place in a reception class in the same way as you would for any school place. Your child must attend school from the beginning of the school year following their 5th birthday.

Help:

Is it in a school setting? When does it start? Is it compulsory? Why is it good? Is it Ofsted inspected? All school settings are Ofsted inspected.

Parent and toddler groups

What are parent & toddler groups?

Parent and toddler groups are informal sessions where parents, carers, childminders and their children can go to have fun and meet new people. Parents and carers stay with and are responsible for their children, throughout the session. Most groups meet once a week for between one and two hours and welcome children from birth to 3 or up to school age.

Every group is different and it may take a few visits before you get to know the group and feel part of it. Sometimes the best way to get to know people is to get involved and offer to help. Local Children's Centres also provide parent and toddler groups for families who have children 0 to 3 years.

What happens at parent and toddler group?

Although this will vary, most toddler groups will provide opportunities for:

- Babies to play and explore in a safe area with appropriate toys and equipment
- Free play with a good range of toys including larger equipment that is suitable for all ages
- Craft activities that may involve cutting, sticking or painting and on occasions cooking
- Singing time often at the end of a session to allow for clearing away of toys
- Refreshment break for adults and children which may include tea and coffee for the adults and water/soft drinks, healthy snack or biscuit for the children
